

To whom it may concern;

The youth showing you this letter has a desire to attend our upcoming youth entrepreneurship bootcamp/seminar. We are a non-profit organization that helps youth start their own business through seminars, one-on-one mentoring, classes and TV/Radio shows. The young person you are looking at (normally between age 16-25) would like to grow up to be just like you, a business owner. As part of their experience with this seminar they have been tasked with approaching business owners like yourself to ask for a donation to the YESplace. This experience gives them the opportunity to get to know business owners in the area who appreciate them and are willing to help. We also know that not everyone will be able to donate. We want them to experience this also as we will be talking about the process of raising capital for their business during the seminar.

If you are one who has a heart for helping youth expand their local economic responsibility and have the mean to help then please make a donation with a check made out to YESplace. \$150 is the asking amount, but please give as you feel compelled to. You may save this letter as a receipt for your donation.

Thanks,
